Assisting Students with Learning Difficulties Procedures

Created February, 2018

NSW Department of Education

Burren Junction Public School

Burren Junction Public School

Assisting Students with Learning Difficulties

Rationale:

This policy and associated documents are located on Burren Junction Public School Server, Faculty, Teachers, Policies.

NSW Department of Education Guidelines

As per the Assisting Students with Learning Difficulties policy located in the DoE Policy Library under Access and Equity.

Burren Junction Public School Procedures

At Burren Junction Public School all students' educational needs will be monitored and assessed through the school year, as per the school's Assessment and Reporting Schedule. Any student who requires additional support will be referred to the schools Learning Support team for further assessment. If a student requires additional support then a personalised learning plan will be developed with the teacher, the parents or carers and the child. This plan will be reassessed as per the guidelines developed in the plan.
